The relevant decision will be promptly notified by the Dealer to the Distributor(s) and the Distributor(s) will promptly inform the investors, in compliance with all the applicable laws and regulations, and, in any case by means of a notice published on the website [www.it.investmentprodukte.db.com](http://www.it.investmentprodukte.db.com). The relevant decision will be promptly notified by the Dealer to the Distributor(s) and the Distributor(s) will promptly inform the investors in compliance with all the applicable laws and regulations, and, in any case by means of a notice published on the website [www.it.investmentprodukte.db.com](http://www.it.investmentprodukte.db.com)

For the avoidance of doubt, subscriptions to the Offer delivered to the Distributor(s) after the Early Closing of the Subscription Period, and all subscriptions to the Offer delivered to the Distributor in case of withdraw of the Offer and/or the cancellation of the issuance, will not be valid.

**(iv) Extension of the Subscription Period**

**(v) Conditions to which the Offer is subject:**

The Offer is conditional upon the issue of the Notes by EBRD.

- (vi) Details of the minimum and/or maximum amount of application (whether in number of Notes or aggregate amount to invest):** Without prejudice to the provisions of paragraph (iii) above regarding the reduction of the size of the Offer, the withdrawal of the Offer and/or the cancellation of the issue of the Notes, the Notes are expected to be issued with the Nominal Amount of up to USD 100,000,000. The final Nominal Amount of the Notes will be determined, by EBRD, in agreement with the Dealer, at the end of the Subscription Period.
- The subscriptions to the Offer shall be made for a minimum of 1 (one) Note for an aggregate nominal amount of USD 1,000 (the “**Minimum Lot**”) or such amount increased by at least 1 (one) Note.
- The maximum amount of the application will be subject only to the availability of Notes at the time of application.
- (vii) Method and time limits for paying up and for delivery of the Notes:** Each subscriber shall pay the Issue Price to the Distributor(s) who will in turn pay the Issue Price to EBRD.
- The delivery of the subscribed Notes will be carried out after the end of the Subscription Period, on the Issue Date.
- (viii) Fees paid to the Distributor(s)** The Dealer will pay a selling commission of up to 2.5 per cent. (2.5%) of the Nominal Amount of the Notes to the Distributor(s) in connection with the placement of the Notes.
- (ix) Manner and date in which results of the Offer are to be made public:** The results of the Offer of the Notes, including the final Nominal Amount of the Notes, will be published, as soon as practicable following the end of the Subscription Period, on the website [www.it.investmentprodukte.db.com](http://www.it.investmentprodukte.db.com).
- (x) Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made:** Investors will be notified by the Distributor of their allocations of Notes and the settlement arrangements in respect thereof. The Notes will be issued on the Issue Date against payment to EBRD of the net subscription price and the Notes will be delivered on the Issue Date.
- No allotment criteria or assignment plan are provided for the Offer, therefore once the maximum amount for the Offer is reached, the Distributor(s) will immediately suspend the acceptance of additional subscriptions to the Offer, and promptly notify the Dealer.
- (xi) Amounts of any commissions and expenses specifically charged to the investors:** Not applicable.
- (xii) Conflicts of interest** The Distributor(s) may have a conflict of interest with respect to the distribution of the Notes because they will receive a distribution fee up to a percentage of the Nominal Amount of the Notes being placed.
- Moreover, a conflict of interest may arise with respect to the distribution of the Notes because the Dealer will act as hedging counterparty and, in such capacity, will earn hedging fees up to a percentage of the Nominal Amount of the Notes being placed.

The amount of hedging related costs which the Dealer will receive, together with the distribution fee received by the Distributor(s), is a percentage of the total Nominal Amount of the Notes. Therefore, the total amount of such payments to the Dealer and the Distributor(s) will increase with any increase in the Nominal Amount of the Notes. Consequently, any increase in the total Nominal Amount of the Notes will increase the incentive for a conflict of interest to the Distributor(s) and the Dealer.
